UNCOMMON BLOOM

\ən-ˈkə-mən ˈblüm\

Fascination, rarity, beauty, decoration charged with meaning and history, an algal bloom and a flowering plant, the difference between genders and anatomy, the gap between lovers, the ephemerality of life and of death, an object of desire enforcing thieving, distillation, and preservation, models of growth, geography and economy, the heroes and villains, the icons and antagonists, a plethora of translations, multiple layers and multiple natures ...
